FESTIVE CRAFTS

In the pages of this book, readers will discover some of the world's most unusual celebrations through various practical or simply beautiful crafts. Learn about the origins of Happiness Day, T-Shirt Day, Alpaca Day, Jellyfish Day, Mushroom Day, Whale Day, and other unique holidays. Plus, create fun projects like a shopping net bag, a paper airplane, or a cute dog-shaped pen holder — and much more! The activities are easy to follow, with step-by-step photo instructions to guide you along the way.

DELICIOUS STORIES

In “Delicious Stories”, readers embark on an exciting journey exploring nature's delicacies — vegetables, fruits, and berries. Did you ever imagine tomatoes being cultivated alongside roses? Or ponder over the existence of a colossal pineapple in Australia, doubling as a lookout tower? Learn about extraordinary records in eating and growing these treats, and the importance of incorporating them healthily into your diet.

HANDICRAFTS FOR THE WHOLE YEAR

This book is useful for children and whole families as a storehouse of ideas for unique craft projects that are adapted to all seasons and holidays throughout the year.

The book offers ideas for how to transform flowers, leaves, tree branches and other things found in nature – and sometimes even objects destined for the garbage bin – into something beautiful and useful.
